## PEACE

They shall beat their swords into  
plowshares. And their spears into  
pruning hooks. Nation shall not lift  
up sword against nation. Neither  
shalt they learn war any more.

# OUR MEMORIES

When we look back on our years at M.H.S. each of us will remember different things. We will never forget all of the friends we have known, our teachers, our experiences of joy and sorrow, disappointment and encouragement, and the education we have received.

Monmouth has become a tradition to us and we are proud to have been a part of it. Our family and friends alike have also been surrounded with the same atmosphere at Monmouth. It is here that we have formed many of our beliefs and values and with these we will work toward our dreams and making the world a better place for everyone to live.

Our education has been more than what we could have ever acquired from books. We have learned from everything we have done and we have been taught to think for ourselves with open minds.

There have been various organizations and sports which we have participated in, and through these we have learned to get along and work with others, and to handle responsibility.

Over the years, Monmouth High School has created a spirit of its own. Those who have known its spirit will never forget it.

We are proud to be the last graduating class of

MONMOUTH

For all of the guidance she has given us, for the interest she has taken in our projects, and for the patience and understanding she has shown while working with us, we would like to extend our sincere thanks to Mrs. Johnson by naming her "Our Teacher of the Year." We cannot express our appreciation for the time she has spent to help make our dreams come reality while working with us to reach our goals. She will always hold a special place in our hearts as our teacher and those who have benefited from her love and patience in life.
